

## ANNUAL PLANNER SESSION (24-25)

### SUBJECT -CHEMISTRY (043)

### CLASS – XI

S.No	Month	Syllabus
1.	April	Some Basic Concepts of Chemistry
2.	May	Structure of Atom
3.	July	Classification of Elements and Periodicity in properties Redox reactions
4.	August	Chemical Bonding and Molecular Structure Some Basic Principles and Techniques (only IUPAC naming)
5.	October	Some Basic Principles and Techniques
6.	November	Classification of Hydrocarbons
7.	December	Equilibrium
8.	January	Chemical Thermodynamics
